Child Watch is Available for \$2 per hour. See Child Watch for availability. Children ages 7-9 may swim in the pool with an accompanying adult in the building. Classes are open to individuals 13 years of age and older. Athletic shoes and clothing are necessary.

Classed are subject to change or cancel without notice. See TV monitor and Front Desk for cancellations. All Group Ex classes are cancelled when Willmar Public Schools are closed for weather. Likewise classes are delayed when schools are delayed for weather related reasons.

Silver Sneakers

Silver Sneakers Classic: Have fun and move to the music through a variety of exercises designed to increase muscular strength, range of movement, and activity for daily living skills. Hand-held weights, elastic tubing with handles, and a ball are offered for resistance, and a chair is used for seated and/or standing support.

Spirit, Mind, and Body

Yoga: Rest in basic yoga poses, engage in stretching the mind and body, and breathe through meditations as we practice the art of yoga. No prior yoga experience necessary.

Power Yoga: Power Yoga is a challenging and FUN vinyasa style class that is designed to build strength, balance and flexibility. This class is open to all levels, as modifications are offered and encouraged. Come and be prepared to work and explore your body, mind and spirit!

Barre Fusion: This barefoot class combines pilates, yoga and ballet moves to give you beautiful, sculpted, lean muscles without the impact and injuries dancers endure. No previous dance experience required!

Cha Cha Fitness: Let's move, groove and jive, in this energetic dance class! Join Cheryl Saturday mornings in Studio A to get a variety of music and dance to your heart's delight!

REFIT®: REFIT® combines several elements of fitness into one power-packed hour. While the focus is structured around CardioDance movements, toning and flexibility, strength training and stretching are also incorporated. The workout formula is easy to follow and will both challenge fitness enthusiasts and welcome beginners.

Muscle Conditioning

Boot Camp (45 min): A high intensity workout that may include anything from jumping rope to lifting weights, from running on the track to animal-based crawling movements. Come challenge your cardiovascular endurance, muscle strength, agility, and balance. Join a group of all ages and ability levels – once you start you'll be hooked!

Strength Train Together will blast all your muscles with a fun energetic weight training workout. Using an adjustable barbell, weight plates, and body weight, this workout combines weight training moves with dynamic music to make you sweat and push to a personal best!

Defend Together is a gripping hour that burns a ton of calories and builds total body strength. Blast through the newest mixed martial arts moves at a rapid-fire pace to smash your cardio fitness. This workout combines cutting-edge moves with thrilling music.

TRX Suspension Trainer is the original, best-in-class workout system that leverages gravity and your bodyweight to perform hundreds of exercises. Intensity is up to you as you use your ability to adjust your body position in order to increase or decrease resistance.

HIIT: High Intensity Interval Training is an exercise strategy alternating short periods of intense anaerobic exercise with less-intense recover periods. HIIT workouts alternate between intense bursts of activity and fixed periods of strength based or less-intense activity or even complete rest.

Core Values: An energetic workout that tones your core while using your entire body for support.

Tires, Ropes and Squats: This challenging, entertaining class will teach you how work using tires, battle ropes, body weight and "primal moves" that develop core stability, strength and endurance. Space is limited to 10 participants!

Total Body Conditioning: incorporates strength and cardio segments using various equipment for a total body workout.

Body Buff: Come get your dose of weight lifting in this body building hour!

Glutes and Abs: Train and tighten all regions of the lower body and core.

Upper Cut: Focuses mainly on upper body conditioning with a touch of cardio using various equipment.

Arms and Abs: A mix of upper body strength training and abdominal muscle workout.

Step: Steppers old and new will enjoy this moderately intense cardio workout! Beginner steppers are welcome; we all start somewhere! Similar to riding a bike it takes practice to really get the hang of step. Anticipate several classes before expecting to feel comfortable with the moves. We are all here to have fun!

Cycling: Whatever your exercise level is, you can participate in ANY cycling class on the schedule! Cycling is a popular alternative for aerobic training because it is a non-impact and efficient, calorie-burning workout.

Water Classes

Shallow Water Aerobics: This class is a non-stop workout that promotes cardiovascular fitness while toning muscles and increasing flexibility. **Note you do not need to know how to swim.

Deep Water Aerobics is designed for people who feel comfortable in water over their head and using an aqua jogger (flotation belt). We will concentrate on cardiovascular fitness and toning on both upper and lower body.

Water Aerobics: The best of both shallow and deep water aerobics. Promote cardio fitness, increase flexibility, tone muscles all through a workout that is easier on your joints.

Aqua Zumba: blends the Zumba® philosophy with water resistance for one pool party you won't want to miss! With less impact on your joints, water also creates natural resistance which means every step is more challenging and helps tone your muscles.
