

YMCA Members,

Thank you so much for staying with the Y over the past few months. While this pandemic has been challenging and continues to be, your YMCA is doing its best to continue to open or expand areas inside safely.

Beginning on October 5, additional areas of the building will open for programs or reservations.

Starting October 3, you may call the welcome center at 222-9622 to **reserve** the following for Monday, October 5:

- Racquetball Courts for Singles Play (2 players per court). Please be aware that people in the courts may not intermix during their reservation time.
 - Court reservations are available during current building hours.
- Pickleball will be available with a maximum of 4 people per court with 2 courts per ½ of gym. Colored balls will be issued for each court so that balls do not mix between courts. Please be aware that people in the courts may not intermix during their reservation time.
 - Courts reservations are available Monday-Friday from 7:00-8:30 am and 10:00-11:30 am. Saturday from 7:30 -9:00 am.

All Reservations are area specific and you must remain in the area you reserved. Each area has a specific maximum capacity. Moving to another area of the building is prohibited. Reservations open one day prior to the reserved day, for example, Saturday prior for Monday, Monday for Tuesday...

Program Sign-up is available on-line or by calling the welcome center for:

- Floor Hockey program will run from October 5-October 31 on Mondays, Wednesdays and Fridays from 12:00 noon-1:00 pm. Max of 14 players. Only those players registered for the program will be allowed to attend.

All Programs are area specific and you must remain in the program area. Each area has a specific maximum capacity. Moving to another area of the building is prohibited.

The YMCA staff and I are looking forward to having you back at the Y as soon as you are ready to join us. All COVID-19 precautions are still in place. Masks are required in all common areas when not working out, swimming or showering. We ask that you sanitize or wash your hands when you come into the building. Temperature check and health screening questions are done at the welcome center before you self-scan your card. Members and Y Staff sanitized all areas and equipment frequently. We are taking every precaution to make the facility as safe as we can for you.

As always, stay safe, wear a mask, wash your hands, and keep your distance. More updates will be coming soon as we continue to expand services.
