With the reopening, the lower-level fitness center will only be staffed when the main building is open. As always, we request that members follow the governor's orders. If you have been exposed to the COVID-19 virus, have tested positive for the COVID-19 virus or have symptoms, please do not enter the facility. Mask are required at all times, including while exercising. Social distancing of 12 ft. between machines and people is required at all times. Please wipe down your equipment with disinfectant provided before and after using equipment and please spray your cloth and wipe down your bottle of disinfectant as you leave. The facility is video monitored and any member found to violate the requirements listed above will have their membership suspended. These requirements allow the YMCA to remain open. Please help the Y be there for you and other members.

More information for January 4th and beyond will be available closer to January 4, as we anticipate more information from the Governor on ability to offer classes, youth sports, swimming and other activities. Please check back on the YMCA website, Facebook page or newsletters and emails for the latest information. And

PLEASE continue to wear your mask, social distance and wash your hands when you are away from home or have visitors. The YMCA's reopening prospects are dependent on all our actions as a Minnesota community.

Thank you for staying with the Y.

Sincerely,

Jenny Holweger
CEO
