Dress Code

Swimsuits - Appropriate swimming attire must be worn at all times. No cut-offs. Non-swimming attire can become water logged and /or get caught in drains and filter systems. Non cotton tight clothing is ok as long as you have a appropriate swim suit underneath.

Children: Children who wear diapers must wear swimming diapers commonly referred to as “Little Swimmers”. There is a dispenser in the Family Locker Room. Regular diapers are not allowed for the following reasons:

- ▶ When torn, diapers release a gel in to the pool which plugs the pool filters.
- ▶ Diapers absorb water and become extremely heavy, thus impairing the child’s mobility.

Safety

Parental Supervision:

- ▶ Parents must accompany children age 5 and under physically into the pool and be wearing a swimsuit.
- ▶ A parent must directly supervise children age 6. (Must remain in sight in the immediate pool area)
- ▶ Children age 7 - 9 must have an adult in the facility with them at all times.

Swim Testing is required if children under the age of 14 are using the deep end of the lap pool, however, if the child chooses to only use the family / waterslide pool, no swim test is required. This includes Birthday Parties and Special Events. Lifeguards are present as a safety precaution.

Jumps and Flips: Front dives are permitted only in the 9ft deep area. No back dives, spins or flips allowed.

Toys and Equipment: Patrons must leave their toys at home. Goggles and masks must be made of tempered of safety glass. Sitting on or hanging from lap lanes is not allowed.

No Food or Drink allowed in the pool area unless it is water in a non glass container.
